

CORPORATE GOVERNANCE STATEMENT

Financial Year Ended 30 June 2018

MyFiziq Limited (“**the Company**”) has adopted systems of control and accountability as the basis for the administration of corporate governance. The Board of Directors (“**Board**”) is committed to administering the policies and procedures with openness and integrity, pursuing the true spirit of corporate governance commensurate with the Company's needs.

To the extent applicable, the Company has adopted *The Corporate Governance Principles and Recommendations (3rd Edition)* as published by ASX Corporate Governance Council (“**Recommendations**”).

In light of the Company’s size and nature, the Board considers that the current board is a cost effective and practical method of directing and managing the Company. As the Company’s activities develop in size, nature and scope, the size of the Board and the implementation of additional corporate governance policies and structures will be reviewed.

The Company’s main corporate governance policies and practices as at the date of this Statement are outlined below and the Company’s full Corporate Governance Plan is available in a dedicated corporate governance information section of the Company’s website (www.myfiziq.com).

The 2018 Corporate Governance Statement was adopted by the Board on 22 October 2018.

Board of directors

The Board is responsible for corporate governance of the Company. The Board develops strategies for the Company, reviews strategic objectives and monitors performance against those objectives. The goals of the corporate governance processes are to:

- (a) maintain and increase Shareholder value;
- (b) ensure a prudential and ethical basis for the Company’s conduct and activities; and
- (c) ensure compliance with the Company’s legal and regulatory objectives.

Consistent with these goals, the Board assumes the following responsibilities:

- (a) developing initiatives for profit and asset growth;
- (b) reviewing the corporate, commercial and financial performance of the Company on a regular basis;
- (c) acting on behalf of, and being accountable to, the Shareholders; and
- (d) identifying business risks and implementing actions to manage those risks and corporate systems to assure quality.

The Company is committed to the circulation of relevant materials to Directors in a timely manner to facilitate Directors’ participation in the Board discussions on a fully-informed basis.

Composition of the Board

Election of Board members is substantially the province of the Shareholders in general meeting.

The current Board of Directors is as follows:

Mr Peter Wall	– Non-Executive Chairman
Mr Vlado Bosanac	– Executive Director and CEO
Mr Nicholas Prosser	– Non-Executive Director
Mr Michael Melby	– Non-Executive Director

Details of the skills and experience of Directors of the Company are included in the Directors’ Report section of the 2018 Annual Financial Statements which is available on the Company’s website at www.myfiziq.com.

Identification and management of risk

The Board’s collective experience will enable accurate identification of the principal risks that may affect the Company’s business. Key operational risks and their management will be recurring items for deliberation at Board meetings.

Independent professional advice

Subject to the Chairman's approval (not to be unreasonably withheld), the Directors, at the Company's expense, may obtain independent professional advice on issues arising in the course of their duties.

Ethical standards

The Board is committed to the establishment and maintenance of appropriate ethical standards.

Remuneration arrangements

The remuneration of an executive Director will be decided by the Board, without the affected executive Director participating in that decision-making process.

The total maximum remuneration of non-executive Directors is initially set by the Constitution and subsequent variation is by ordinary resolution of Shareholders in general meeting in accordance with the Constitution, the Corporations Act and the ASX Listing Rules, as applicable. The determination of non-executive Directors' remuneration within that maximum will be made by the Board having regard to the inputs and value to the Company of the respective contributions by each non-executive Director. The current amount has been set at an amount not to exceed \$300,000 per annum.

In addition, a Director may be paid fees or other amounts (i.e. subject to any necessary Shareholder approval, non-cash performance incentives such as Options or Performance Rights) as the Directors determine where a Director performs special duties or otherwise performs services outside the scope of the ordinary duties of a Director.

Directors are also entitled to be paid reasonable travelling, hotel and other expenses incurred by them respectively in or about the performance of their duties as Directors.

The Board reviews and approves the remuneration policy to enable the Company to attract and retain executives and Directors who will create value for Shareholders having consideration to the amount considered to be commensurate for a company of its size and level of activity as well as the relevant Directors' time, commitment and responsibility. The Board is also responsible for reviewing any employee incentive and equity-based plans including the appropriateness of performance hurdles and total payments proposed.

Trading policy

The Board has adopted a policy that sets out the guidelines on the sale and purchase of securities in the Company by its key management personnel (i.e. Directors and, if applicable, any employees reporting directly to the managing director). The policy generally provides that the written acknowledgement of the Chair (or the Board in the case of the Chairman) must be obtained prior to trading.

External audit

The Company in general meetings is responsible for the appointment of the external auditors of the Company, and the Board from time to time will review the scope, performance and fees of those external auditors.

Audit committee

The Company will not have a separate audit committee until such time as the Board is of a sufficient size and structure, and the Company's operations are of a sufficient magnitude for a separate committee to be of benefit to the Company. In the meantime, the full Board will carry out the duties that would ordinarily be assigned to that committee under the written terms of reference for that committee, including but not limited to, monitoring and reviewing any matters of significance affecting financial reporting and compliance, the integrity of the financial reporting of the Company, the Company's internal financial control system and risk management systems and the external audit function.

Diversity policy

The Board has adopted a diversity policy which provides a framework for the Company to achieve, amongst other things, a diverse and skilled workforce, a workplace culture characterised by inclusive practices and behaviours for the benefit of all staff, improved employment and career development opportunities for women and a work environment that values and utilises the contributions of employees with diverse backgrounds, experiences and perspectives.

The Company employs new employees and promotes current employees on the basis of performance, ability and attitude. The Board is continually reviewing its practices with a focus on ensuring that the selection process at all levels within the organisation is formal and transparent and that the workplace environment is open, fair and tolerant.

The Company, in keeping with the recommendations of the Corporate Governance Council provides the following information regarding the proportion of gender diversity in the organisation for the year to 30 June 2018:

	Proportion of female / total number of persons employed
Females employed in the Company as a whole	3/ 14
Females employed in the Company in senior executive positions	1 /5
Females appointed as a Director of the Company	0 / 4

The recommendations of the Corporate Governance Council relating to reporting require a Board to set measurable objectives for achieving diversity within the organisation, and to report against them on an annual basis. The Company has implemented measurable objectives as follows:

Measurable Objective	Objective Satisfied	Comment
Adoption and promotion of a Formal Diversity Policy	Yes	The Company has adopted a formal diversity policy which has been made publicly available via the ASX and the Company's website.
To ensure Company policies are consistent with and aligned with the goals of the Diversity Policy	Yes	The Company's selection, remuneration and promotion practices are merit based and as such are consistent with the goals of the Company's Diversity Policy.
To provide flexible work and salary arrangements to accommodate family commitments, study and self-improvement goals, cultural traditions and other personal choices of current and potential employees.	Yes	The Company will, where considered reasonable and where compatible with the Company's operations, accommodate requests for flexible working arrangements.
To implement clear and transparent policies governing reward and recognition practices.	Yes	The Company grants reward and promotion based on merit and responsibility as part of its annual and ongoing review processes.
To provide relevant and challenging professional development and training opportunities for all employees.	Yes	The Company seeks to continually encourage self-improvement in all employees, irrespective of seniority, ability or experience, through external and internal training courses, regular staff meetings and relevant on job mentoring.

The Company has not at this time implemented specific measurable objectives regarding the proportion of females to be employed within the organisation or implement requirements for a proportion of female candidates for employment and Board positions. The Board considers that the setting of quantitative gender based measurable targets is not necessarily consistent with the merit and ability based policies currently implemented by the Company.

The Board will consider the future implementation of gender based diversity measurable objectives when more appropriate to the size and nature of the Company's operations.

If any vacancies arise on the Board, all Directors will be involved in the search and recruitment of a replacement.
